Something About Us

Julia and Suzanne are very experienced in working with individuals who have a dementia related illnesses. J&S endeavour to provide the highest quality care. We are client focused and provide a happy yet professional service.

What We Offer

We recognise that everyone is individual and have different needs and goals. With this in mind, some of the opportunities will need to be met outside of the day service and in partnership with others. Our service offers a wide range of activities which include support and community involvement that helps individuals maintain their independence. We also have our own secure sensory garden.
